

The background is a solid dark purple. Overlaid on this are various colorful geometric shapes: circles, ovals, and elongated rounded rectangles in shades of blue, orange, yellow, green, and red. These shapes are scattered across the frame, with a higher concentration on the right side. In the center of the image is a white shield-like shape with a dotted purple border. Inside this shield, the text 'Instant Assistant' is written in a bold, black, sans-serif font.

Instant Assistant

Description

Our team project is an innovative instant personal assistant designed to streamline your daily routine. This intelligent assistant aims to equip users with essential information to kickstart their day efficiently.

It provides the local weather forecast and relevant suggestions based on that. It also acts as a reminder and checklist for your daily tasks.

First Screen

The landing page of the app is used for authentication purpose.

The users can login with a username and password, or sign in with a Google account.

Register Screen

The register screen will allow users register with their email address. Each user will be assigned a default id number as the username if not provided when registering.

All info registration information will be stored in mongoDB.

Weather of The Day

Local Weather Forecast:

Get real-time, hyper-local weather updates tailored to your location. This feature ensures you're well-prepared for the day's weather conditions, whether it's sunny, rainy, or snowing.

Customized Recommendations:

Receive personalized suggestions and recommendations based on the weather forecast. Our assistant leverages weather data to provide insights on clothing choices, outdoor activities, or commute options, helping you make informed decisions.

TO-DO LIST

Task Reminder and Checklist:

Stay organized with our built-in task reminder and checklist. Set daily tasks, appointments, and deadlines, and let our assistant keep you on track throughout the day. Never miss an important meeting or deadline again.

Instant Assistant

Our instant personal assistant is designed to be your reliable companion, offering convenience and efficiency to enhance your daily life. Say goodbye to the morning rush and hello to a more organized and prepared start to your day.
